#### DIRTY STREETS, MEAT State Democratic ORDINANCE, HEALTH | Committee Will HAZARDS DISCUSSED

COMMITTEE REPORTS GIVEN CHAMBER OF **COMMERCE DIRECTORS** 

Members of the Chamber of Commerce's board of directors, in probably the longest session held in many years. Tuesday morning heard committee reports designed to set up a working pattern for 1948.

The meeting will follow by one day the controversial \$5 "Texans-1948.

The meeting, presided over by Harry M. Montgomery, new president, heard the heads of various committees bring forward their findings in sessions held prior to findings in sessions held prior to the Tuesday morning session. Close to the top of the list was the report by Dr. W. W. Carter, who succeeded W. P. Brown as chairman of the public health com-mittee, who told the directors his committee favored a meat ordi-nance and a new county hospital. Public Health Launching into the matter of

Public Health
Launching into the matter of
public health, and commenting on
a statement made at a committee
meeting some time ago, Dr. Carter
said "I think it is an exaggeration
that the City of Corsicana is the
'dirtiest city in Texas'."
"But it needs a bath," he added.
He then pushed on into municipal affairs. He criticized a t.wnwide creek that "is filled with
everything that can get in it," and
rapped last year's cleanup campaign as "picking up a few old
worn out cartons," spoke of the
many dilapidated open toilets here,
and charged a good paved road to many dilapidated open toilets here, and charged a good paved road to the P&S Hospital "hasn't been cleaned of accumulated dirt and mud since it was laid, I guess."

Suggests Improvements

Dr. Carter, whose committee passed an endorsement of the Corsicana-Navarro Health Unit, discussed the noint.

cussed the point.

He said he favored the health

He said he favored the health unit, but not as it stood.

"The unit doesn't have the proper personnel. The personnel it has does not have the proper training. It doesn't seem to have the ability to go out and do things as they should be done. The one man at the head of it does not have time to be city health officer. county

MONDAY-Special Farm Day

# Meet April 21 HILLSBORO, April 14.—(P)—A

Meet April 21

HILLSBORO, April 14.—(P)—A meeting of the state Democratic executive committee has been called for Wednesday, April 21, in Fort Worth to thresh out the questions that have split the party in Texas.

R. W. Calvert, committee chairman, announced the meeting here

today.

The meeting will follow by one day the controversial \$5 "Texans-for-Texas" barbecue to be held Tuesday at Will Rogers Memorial Baltzegar, divorce.

Auditorium and grounds and the Mrs. Billie R. Caldwell vs Bevrival Waco barbecue staged by erly C. Caldwell, divorce and insupporters of President Truman.

Calvert said the committee is Velma Lois Harris vs Clyde W. being called together for the "sole Harris divorce." Tuesday at Will Rogers Memorial
Auditorium and grounds and the
rival Waco barbecue staged by
supporters of President Truman.
Calvert said the committee is
being called together for the sole
purpose" of learning its attitude
on three questions. They are:

1. Whether an unistructed delegation shall be sent to the national convention.

2. Whether the committee opposes the inclusion of President
Truman's civil rights program in
the national Democratic platform.

3. Whether the committee favors support of Democratic party
nominees, whoever they may be.

4. Baltzegar, divorce.

Some Parallels Between the Return of the Jews From Exile and the Experience of the United Nations Today—Central Place of the Temple as a Symbol of Worship

By WILLIAM T. ELLIS asd EARL L. DOUGLASS

Our present world is teetering between restoration and destruction. The greatest present issue is whether we shall have war or peace. It is even possible, according to many sober prophets, that between the time of the writing of these lines and their publication, new bombs may have begun falling in a rain of death to civilization. Certainly we cannot overstate the gravity of the present state the gravity of the present state the gravity of the present state the gravity of the present is indifference to possible doom; and over their light-hearted pursuit of humor as a mood for the times. Comic strips never were so popular; and comedians on the radio get quick and cackling responses to moldy jokes. Perhaps this obsession with light entertainment is merely an expression of nervous uncertainty and eagerness to grab any possible alleviation of the world's mood. In the midst of Judah's crisis of returning from exile, many of the people to the Jewish homegoing. But God raised up helpers in high places, and the people turned from still showed more concern for their personal comfort than for the rebuilding of the Temple, for which work they were called. It took the best efforts of vital prophets to summon the people to the great endeavor of rebuilding the Temple.

In the meantime, responsible alleviation, and the people turned from the people to the project of reestablishing religion. Their work is our work to day.

SEVEN SENTENCE SERMON our present roubles are wholly to due to the neglect of the law of land. There were local eneming from exile, many of the people turned from great project of reestablishing religion. Their work is our work to day.

SEVEN SENTENCE SERMON our present roubles are wholly to due to the neglect of the law of land. There were the law of land. There were local eneming from exile, many of the people turned from the wasteful life of pouring their personal comfort than for the rebuilding of the Temple, for which the wasteful life of pouring their personal comfort than for the rebuilding of the Tem Inescapable Religion

"Man is an incurably religious animal." After their bitter bath of indulgence of heathendom, the Jews finally caught the idea that Marriage Licenses

# Texas School System Reorganization, Support By Resources Tax Urged By SMU Professor To County Educators By CLYDE E. JOHNSON Daily Sun Staff A completely reorganized educational system in Texas, including a revised method of financing the public schools, was advocated here Tuesday niese of education at Stuthern Methodist University. Addressing Navarro County School administrators in the Junior High School ilbrary, Dr. Williams proposed new ways to obtain school funds, such as taxes on gasoline, natural resources shipped out of the state. Property Tax Assalled "The property tax is the sorriest kind of tax I know of", he declared contending that taxes are not paid on many thousands of doilars worth of property. We are in a dilemma", said the price pared and served by the school's home economics class. "We are in a dilemma", said the property the school's home economics class. "We have not solved all our property in the school's home economics class. "We have not solved all our property in the school's home economics class. "We have not solved all our property in the school's home economics class. "We have not solved all our property in the school's home economics class. "We have not solved all our property in the school's file said the jeds was born at a meeting of the administrators. "We have not solved all our property in the woods and the inside was born at a meeting of the administrators. "It is devalued dollar buys less. 1. Increased school services. 1. tem:

1. The devalued dollar buys less.

2. More people than ever before are being educated.

3. Improved educational programs and more courses.

4. Increased school services.

Public Support Needed
Tracing the nation's educational history, Dr. Williams said the pioneers "Went out in the woods and chopped down trees to build school houses. They didn't vote any bond issues."

This public support he said, still prevails, but he indicated there were entirely too many "one teacher" schools.

These small schools, he explain-

ed, may be doing a good job, "But they're not doing a good job in financial economy." The smaller schools operate at greater expense,

Weaknesses in the small schools and pupils to provide a good edu-cational program, the speaker ex-

"It shouldn't matter so much where a child is educated, just so he is educated," declared Dr. Williams, who intimated that sonsolidation of many school districts would be advantageous.

of doom, and then again it may just be a lot of fellows with a stomach-ache.

This present civilization is by no means perfect, but it is still the best up to date. Why wreck it?

would be advantageous.
Small Schools Handicapped "Many things are impossible in small schools. They aren't large enough to pay for a satisfactory program. Many school districts shouldn't exist (there are more than 9,000 in Texas," he said.)

He explained that the average enrollment in one teacher schools is six students, and that the cost for operating such a school is trem-

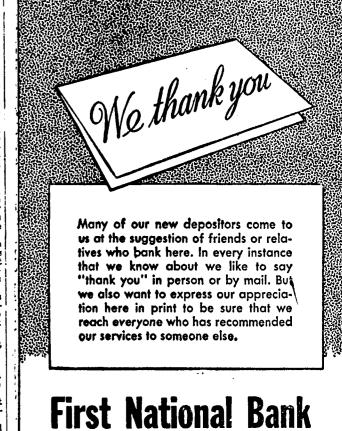

or operating such a school is trem-

for operating such a school is tremendous compared to the expenses of larger schools.

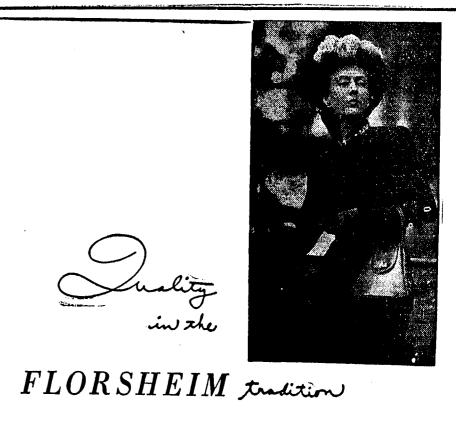

The professor assalled the state's methods of issuing teachers' certificates. "They don't even have to go to school to teach. They just have to pass an examination."

The weaker teachers then, "gravigate to the weaker schools," he said. he said. Good Teachers Essential

Good Teachers Exsential
"Good teachers are essential to a
good school. Buildings won't make
good schools..."
Favoring all-out state support
for schools, the SMU educator de-

Weigh Baby On a Charm Scale

By BETTY CLARKE

AP Newsfeatures Beauty Editor.

If today's little girls don't grow up to be lovely, fastidious young ladies, you can't blame their Moms.

Modern mothers are becoming more conscious than ever that they must set habit patterns for daughter while she is still a baby Growing girls who do not respond to mother's persuasive glamon treatment may miss the charm boat.

Mother can keep convincing daughter that loveliness pays off daughter that loveliness pays off

Mother can keep convincing a native trusting session with folly, daughter that loveliness pays off whose bair may show improveing the sets a lively example that heauty is as beauty does. A little tyke mustn't think that mother's true charm is entirely the result of cosmetics. Mother should make up in private and not disillusion a native tuning session with folly, and the province pay off whose bair may be well as the convince your little morph. Teach her to wield the touth-true charm is entirely the result of cosmetics.

CONTINUED FROM FIRST PAGE

Forrestal has to the form of the force.

President Truman said today he is supporting Forrestal's recommendations to the limit and does not know why Symington is differing with them.

Not to Resign.

suggested.

Balanced Program

Asked how he accounts for Symington's stand, Mr. Truman said he does not account for it. He said the expanded defense program outlined by Forrestal is a balanced program agreed to by all the services.

One reporter suggested that differences between Symington and Forrestal may indicate that the armed services unification is not working.

working.
Mr. Truman replied sharply that

unification will eventually work, that the program will have to be implemented and the services will

have to get accustomed to it.

After hearing a fresh declaration that war with Russia is inevitable, the house made ready to provide dollars to carry out its demand for a bigger air force to meet Soviet aggression.

mot know why Symington is differing with them.

Not to Resign.

Air Secretary Symington had no direct comment on Mr. Truman's remarks at a news conference. But, in answer to a reporter's question his public relations office said this:

"The secretary has no plans to resign."

Defense Secretary Forrestal 'previously had asked for a smaller force, along with universal military training and a draft. Mr. Truman had called this a balanced program which the nation can afford.

Forrestal Plan Favored
The president told a news conference he is supporting to the limit the defense program outlined by Forrestal.

Symington told the house armed committee withheld 'the defense program outlined by Forcestal.

Symington told the house armed to the house fior Tuesday. It said committee withheld 'the extra funds when it sent the bill to the house fior Tuesday. It said to the house fior Tuesday. It said force of 70 groups is more important to the country's security than UMT.

House members have shown they favor a larger air force to meet in great force to meet agression.

New Measure Due

Largerssion.

New Measure Due

Called to testify behind closed doors were Dr. Vannevar Bush, chalrman of the government's research and development board, and acting Secretary of State Lovett.

The secretary and development board, and acting Secretary of State Lovett.

There was a possibility that Rep.

The issue comes to a vote as an and acting Scordary of State Lovett.

The senate armed services committee declinate appropriation for Army and bound the the said acting Scordary of State Lovett.

The

ant to the country's security than UMT.

House members have shown they favor a larger air force than proposed by Forrestal. They have begun legislation looking to a 70-group force rather than a 55-group force the defense department has suggested.

Balanced Program
Asked how he accounts for Symington's stand, Mr. Truman said he does not account for it. He said the expanded defense program outlined by Forrestal is a balanced program agreed to by all the services.

One reporter suggested that differences between Symington and Forrestal may indicate that the armed services unification is not working.

Mr. Truman replied sharply that

told the house:
"Their provocative conduct

the past few weeks has made it all too plain that sooner or later war is inevitable."

Mrs. E. E. Adamson Dies At Mexic

Taber himself said the bill is aimed at Russia.

In another defense move, Chairman Andrews (R-NY) ordered a fourth day of hearings by his house armed services committee on a draft bill.

Called to Activity

#### "Aggie Muster" Is Planned April 21

An "Aggle Muster" for all Navarro County men who are graduates of Texas A&M College will be held in the Blue Room of George's Grill at 7:30 p. m. Wednesday, April 21, Jack Everhart announced Thursday. He is in charge of arrangements.

Held on San Jacinto Day, the celebration is expected to attract some 75 Aggie Exes.

# From where I sit ... by Joe Marsh

#### Now It's Neckties Made of Milk!

Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a byproduct of milk, "Took 33 pounds of milk to make this tie," he says.

Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"

Yes, modern science being what it is - seems like you can make "anything out of anything" these days. But in the case of milk, well

Of course there are lots of other ways of abusing goods and bev-

lot better than just wearing it.

erages-like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation. But from where I sit, most peo-

I guess drinking it is still a whole

ple who enjoy a wholesome beverage like beer or ale are moderate -because beer itself is a beverage of moderation.

#### Danger Of Vast Floods Easing As Rains' End Seen

CINCINNATI, April 15—(R)—

Hopes of averting a major flood disaster in the Ohio river valley brightened today with forecasts of little rain for the next two days.

The Ohio, already at its sixth highest level in 64 years, still rose about four inches an hour. However, rivermen predicted only a little more damage than is usual each spring—unless there is more face of a weather bureau forecast of 14 feet above flood stage by Sunday. CINCINNATI, April 15-(A)-

Two deaths—in West Virginia and Kentucky—were attributed to the swollen streams as flood conditions entered their fourth day. Meanwhile, the Red Cross cared for almost 3,800 families flooded from lowland homes in Ohio, Indiana, West Virginia and Kentucky.

tucky.

Two Victims

Drowning victims were John
Sherman (Jackie) McNally, 9, at
Louisville, and Edward Smith, 17,
at Sissonville, W. V. Smith died in
an attempt to recover a wild duck
in Poca river. Jackie fell in Beargrass Creek.

One grim battle against the rising Ohio was under way at Portsmouth, O., along the city's uncompleted million dollar floodwall. An
emergency 1,000-foot levee two feet
high is being built to piece out the

#### Spend More On Divorce Research, Says Family Relations Councilor

By ADELAIDE KEER AP Newsfeatures Writer.

In this country, "we pour billions into research on radio and atomic energy and neglect research on the prevention of divorce. Yet divorce is producing more human wreckage than bombs ever have."

The speaker was Evelyn Millis Duvall, executive secretary of the National Council on Family Relations. The Council, which has headquarters in Chicago, is the clearing house for 3,000 teachers, doctors, psychologists and marriage councilors working on the problem of how to make marriage stick.

Figures from the United States National Office of Vital Statistics show that in 1937 we had 1.9 divorces per thousand people," Dr. Duvall said, "In less than a decade the figure more than doubled. In other countries divorce is increasing.

"The reason is that the family is in a state of transition. It has been catapulted out of the old situations which used to hold it stable and has not settled in new ones. In western civilization we are in the process of moving out of an old house into a new one and have not found ourselves. All the confusions of moving day are upon us."

EVELYN DUVALL Family relations councilor,

EYELYN DUVALL
Family relations councilor.

Is in a state of transition. It has been catapulted out of the old situations which used to hold it stable and has not settled in new ones. In western civilization we are in the process of moving out of an old house into a new cold and have not lound any one of the process of moving out of an old house into a new cold and have not lound any of an old house into a new cold and have not lound any of any of the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving out of and the process of moving out of and the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of moving day are upon used in the process of the process of the process of moving day are upon used in the process of moving day upon used the dangerous should be deutated in boy and girl relationships. #### It Happened 25 Years Ago Today

(From the Files of the Corsicana Daily Sun.)

Four hundred persons were drowned when a tidal wave hit the Korean coast. Accurate count of the dead was impossible.

Former President Wilson opposed President Harding's proposal for American adhesion to the permanent Court of International Justice at The Hague.

Money now being spent on building improvements in Corsicana totaled 1 1-2 million dollars, and was hailed as the highest expenditure in the history of the town.

A negro preacher in Mississippi was struck by lightning while riding his horse. The bolt killed his horse, tore his clothing into shreds, and melted his watch chain. The negro himself was uninjured, and his watch continued running.

C. J. Hall of Kerens was appointed secretary of the Navarro County Chamber of Commerce, to fill the unexpired term of J. C. Wells.

Corsicana High school's baseball team beat Mexia, 11-10.

Diphtheria Deaths
Needless, State
Health Chief Says
AUSTIN, April 15—(Spl)—It is a tragedy that Texas parents continue to allow their bables to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents. If they protect their children with immunization, they need not have diphtheria."

Dr. Cox said that it is amazing that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 33 cases were reported in this state.

"Bables should be immunized by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later."

To maintain complete immunity, Dr. Cox said that a reinforcing dose of toxoid is advised when a child is old enough to enter school if a Schick test reveals the need of one. Children who have never been immunized certainly should be protected without any further delay, the State Health Officer declared, and added that it is the responsibility of the parents to save the lives of their children.

To maintain complete illustrated instructions. This is the state of such a size to see, is the parents of such and the parents of such and the parents of the parents of the parents of the parents of the parents to save the lives of their children.

#### Miss Doris Jean Murphy And W. B. Blackwell Wed

Miss Doris Jean Murphy, daugher of Mr. and Mrs. Lonnie Murhy, became the bride of Wm. eall Blackwell, son of Mr. and Irs. J. E. Blackwell, Saturday vening at 7 o'clock at the home the bride's parents, with Claude ... Guild, minister of Fifth Aveue Church of Christ, as officiant. The double-ring ceremony. The double-ring ceremony was read before an altar decor of white gladioli in matching baskets, flanked by tall white tapers in floor candelbra and reflecting effectively

floor candelabra and reflecting effectively in a large wall mirror.

An electrical transcription of Mendelssohn's "Wedding March" was used as the processional.

The bride, given in marriage by her father, was attired in an afternoon frock of poudre blue linen with brown accessories and carried a white Bible overlaid with white carnations and sweetpeas showered with white satin ribbons.

Miss Nelda Breithaupt, who served as the bride's only attendant.

wiss Neida Breithaupt, who served as the bride's only attendant, wore petal pink eyelet embroidery with white accessories and a corsage of blue-tinted carnations. J. E. Blackwell, Jr., of Richmond, Calif., served as his brother's best man.

man.
The bride's mother was attired in pale green sheer with a corsage of white carnations, and the bride-groom's mother chose black crepe with a corsage of white carnations.

Informal Reception
An informal reception followed
the ceremony. The bride's table
as laid in a hand-drawn white linen cloth, and illumined with tall white tapers. The three-tiered cake was embossed with sugar-spun pink rosebuds and topped with a miniature bridal couple.

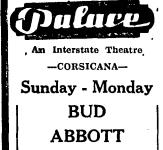

with a miniature bridal couple.

Miss Ann Stokes served the cake
and Mrs. Leland Murphy of
Orange presided at the crystal
punch service.

The bride and bridegroom were
graduated from Corsicana High
School and the bridegroom served
in the U. S. Navy several years
during World War II. He is now
employed by Bethlehem Steel.

After a short wedding trip, Mr.
and Mrs. Blackwell have returned
to Corsicana to make their home

nerous cases in both the city and county.

Friend of Youth.

Mrs. McAdams has worked enthusiastically and incessantly for the youth of this community. Last Spring when Corsicana, along with other communities, felt an increase in juvenile delinquency, Mrs. McAdams went into court to intercede for the boys involved. In every way she fought for public understanding of the youngsters. When Corsicana High School Band students stood in great need of encouragement, Mrs. McAdams organized a Band Parents' Association, furnishing the boys and girls with uniforms and equipment and providing transportation for many of their out-of-town trips. The Band today is one of the leading musical organizations of the community.

When Corsicanans organized a Wrs. Lelia Daniel will go teach my people."

There were other comments, including:

Though Corsicana High school finished in third place in the District 9-AA track and field meet last week end in Waco, there were a number of Corsicana lads who qualified for the regional AA meet in Dalas on Saturday. April 24

Those who won first, second or third places in each event have qualified for regional competition. Coach Garland Matthews said Wednesday that he would take only Three Tigers to the Dallas meet. They are Verdie Cook, Jimmy Mash and Benny Poarch.

Cook won first place in the pole vault in district competition, and didn't have to extend himself to do it. Matthews is anxious to see just how high the curly-headed lad can get with the jointed pole.

Jimmy Mash, who broad jumps over 20 feet, won second in the district meet. Anyone who can jump that far deserves a shot at higher competition, Matthews says.

Benny Poarch, who won the shot put in the 1947 district meet and bettered his own record in 1948, will also go along. Benny to tosses the 12-pound pill over 46 feet on occasion.

Other track and field men who

on occasion.

Other track and field men who didn't fare so well in the district meet will go into other athletic activities. Several are starters on the Tiger baseball team.

#### May OilAllowable For Texas Is Cut

By 9,733 Barrels

AUSTIN. April 15.—(P)—The May oil allowable for Texas was cut 9.733 barrels below the present figure by the Railroad Commission yesterday.

Though the commission issued an order to cover both May and June, the allowables will be different for the two months. The reason: The East Texas field will be on 21 producing days in both May and June. Thus, that field's allowable will be 306,981 barrels per day. The total allowable for May will be 2,608,196 barrels and will return to the current figure of 316,-806 barrels daily in June.

Only other change in allowables was one increasing the Gulf Coast district 92 barrels a day compared to 2,617,929 as of April 10.

Underproduction was estimated at 151,275 barrels. This would result in an actual flow of 2,456,421 barrels more than the daily market demand estimated by the united States Bureau of Mines.

An added 229,402 barrels in Na

NEW YORK. April 15.-(P)-Stocks today hit an average high since last October in one of the liveliest market sessions of the past several months.

several months.

In the rise was led by selected steels, oils, rails and aviations after considerable early irregularity. While some pivotals did little either way, advances running to 2 or more points held a wide majority at the close

at the close.

Prices began to climb following the discowning by the president of the Eccles proposals for new bank

credit curbs,
Transfers were in the neighborhood of 1,700,000 shares.
Aircrafts, inclined to lag in the forenoon, came to the fore when the house passed the bill for greatly increased war plane

outlays.
Peaks for 1948 were reached by Bethlehem Steel, Republic Steel, Southern Pacific, Illinois Central, Southern Pacific, Illinois Central, Western Maryland, Shamrock Oil, Standard Oil (NJ), Texas Pacific Coal and Oil, Montgomery Ward, Kennecott, Phelps Dodge, International Paper, Third Avenue Transit, U. S. Smelting, and Lowentain

sit. U. S. Smerans, and stein.

The revival was credited mainly to persistence of the idea that business would get an inflationary "shot in the arm" from big government spending at home and Bonds steadied with carriers stiffening.

# Words Of Advice Given New Child Column Votes Canvasses

Star By Shirley

By Bob THOMAS

HOLLYWOOD, April 15.—(P)—
Here are some words of advice to the new Tultite Miss Marker' from the original one—Shirley Temple.
Receiving this counsel is a perfaced, aburban-haired fleeyeared fraced, aburban-haired fleeyeared for flowing in the fabluous Temple flowing in the fabluous Temple footsteps. Now a wife. "other and scieen "reteran ("Fort Apache" is her adth starring film.) Shirley was Jayne.

"If her mother is like mine, shown the converse from a covery gaid Shirley and the lines for flum," and the latter allied with the saked for the mon an even keel.
"My nother saw to it that I led as normal a life as possible. My situdio work was done like play. Mother explained the scenes to me and the latter allied with the stall of the control of the world. Mother explained the scenes to me and the latter devent of the play this sonith." At so young an age.

"My nother saw to it that I led as normal a life as possible. My situdio work was done like play. Mother explained the scenes to me and the latter devent of the world."

Mother explained the scenes to me and the latter devent of the world. This cold war started by the format all flower than the mothers to keep them on an even keel.

"My nother saw to it that I led as normal a life as possible. My situdio work was done like play. Mother explained the scenes to me and the latter allied with the scole war being finished and of the two mines and the latter allied with the solid war being finished and of the two mines and the latter allied with the solid world between the more and to be come 'smalley life or the world."

My nother saw to it that I led as normal a life as possible. My situdio work was done like play. The keep them on an even keel.

"My nother saw to it that I led as normal a life as possible. My situdio work was done like play. The keep them on the back and world between the proposition of the world. The world as the world between the more and to be come set world. The world ware the cold ware the cold ware the cold wa

#### SCHOOL BOARD SEEKS \$18 MILLION FIGURE, EYES FEDERAL AID

**COMMISSIONERS FAVOR** LOWER PERCENTAGE: SEGREGATION PROBLEM

The question of how much the total city property valuation will be for 1948 emerged Tuesday for public discussion after traveling in a

wide circle.

The board of education's request that it be placed at \$18,000,000 came in on the wings of federal school aid and the ticklish question of

aid and the ticklish question of segregation of races.

Although school officials have been pondering the figure for months, and city officials discussed it not later than 5 p. m. Monday, it required a meeting of the board of directors of the Chamber of Commerce for it to come out into the open.

"Minority Report."

W. H. Norwood, superintendent

the city commission met in conference at the city hall on the same matter. There was nothing formal about any action taken, but it was generally understood they did not favor a valuation overall of more than \$15,000,000. The present valuation is \$15,700,000.

Norwood told the group Tuesday that "I helineve it better to support schools locally, but I believe it better to support the schools.' He added, in reply to a question. that he did not know "of any rights we would surrender."

Segregation Question.

The matter boiled down to the same point federal aid to schools

O. Ferguson & Co.

"Minority Report."

W. H. Norwood, superintendent of schools, whose March 9 budget figures placed additional money need to meet 1948-49 expenses over and above state per capita money, told the directors he wanted to submit 'a minority report' in connection with an education committee report disapproving federal aid to schools.

ONE-ACT PLAY WINNERS—Blooming Grove students pictured above were the winners in the one-act operation of the District Interscholastic League Meet held recently at Emhouse. The play presented by the group was titled "Jimminy Christmas", by Grant Atkinson. Pictured are Charles Wesley Darnell and place and additional money to group was titled "Jimminy Christmas", by Grant Atkinson. Pictured are Charles Wesley Darnell and Meet at Ted Spencer, father Martin; Wanda Westbrook, the mother; Iaa Ruth Garrison, Annie the maid; Johnny Rhodes and Bruce Lane, two other delivery boys; Mrs. G. E. Ramsey, Sr., Blooming Grove high schools.

merce go on record as favoring \$18,000,000 city valuation before we take federal aid. Corsicana can certainly afford \$18,000,000. I am strictly against federal aid in any form, shape or fashion."

J. M. Dyer, Jr., in discussing the bill, advised that "part of that money that will be spent by the government is our money. I suggest we wait until we know for sure about segregation before we turn down any federal aid. If we turn it down, Texas money will go to supporting school hefore we turn it down, Texas money will go to supporting schools in Indiana and Illinois."

City's Stand.

Mayor Hubert T. Braselton stated the city's stand as of Monday afternoon.

The commission knew the schools in Athens Saturday, and am

ed the city's stand as of Monday afternoon.

The commission knew the schools were asking for a figure around the \$18,000,000 mark

"I had figured all along on about \$15,000,000," he told the directors, and I also was figuring on having to leave town immediately after it was known that would be the figure."

ately after it was known that would be the figure.

The directors laughed.

"If I were sure the people wanted \$18,000,000 The got guts enough to set it," he added. "But I want to he sure they want it."

"It certainly is up to the people to decide."

Hacetide here figure of 1942

ple to decide."

He said a base figure of 1942

would be used in arriving at a figure considered equal to all in making the 1948 valuations. He guessed valuations would run \$30,000,000,

but that the city can take any percent it chooses.

Tax Rate.

"It has been suggested," Norwood declared, "that we separate the schools from the city, and it

the report disapproving federal side to schools.

On the March 9 compilation of figures, the budget pointed out "almost \$19,000,000 in tax evaluation" would be necessary to meet the need.

Norwood told the directors Tuesday that he favored federal aid for education "because we need the money for education and it will be available, so why not take it?"

It appeared that Representative Olin Teague sought an expression before voting in the house on the senate bill creating the financial help to states.

Federal Ald Needed,
The school superintendent told the group that if Corsicana schools meet the potential deficit in expenses, either fedral aid must be secured—if the bill becomes law or else city valuations must go up to the \$18,000,000 mark.

It happened that at 5 p. m Monday four of the five members of the city commission met in conference at the city hall on the same matter. There was nothing formal about any action taken, but k was generally understood they did not favor a valuation overall of more than \$15,000,000. The present valuation is \$15,000,000. City valuation before valuation before valuation is \$15,000,00 federal aid?" somebody asked.
The directors said it did.
The vote was unanimous to accept the committee's report.

# 4-H Club Leaders

Navarro County 4-H Club leaders attended a sub-district training school held at the courthouse in Athens Saturday, and among other things, discussed plans for a district camp at Trinidad in June. Fern Bruce, Navarro county 4-H club director out of the home demonstration against the second statement of the county and statement of the second secon

club director out of the home demonstration agent's office, reported that she and the following Navarro representatives attended the all-day Athens meeting:

June Wilcox of Providence, gold star 4-H club winner; Nedro Jo Humbert, of the Zions Rest club; Mrs. Henry Haveman, county 4-H club leader of Frost; and Demonstration Agent Eva Sue Merritt.

Miss Lorene Stevens, state 4-H specialist of College Station, was in charge of the program.

#### **Vocational Tests** To Be Available In County Soon

complete vocational testing vice for Navarro County will be in operation by next September, C. G. Strickland of the Navarro-Junior College, told school admin-istrators at a dinner-meeting at the Junior High School Tuesday

night.
Strickland, former dean of the college, said experiments were now being carried on and he offered immediate services to schools in the county to help carry the frogram forward. gram forward.

gram forward.

"We have been working a year and a half with the Veterans Administration, trying to set up a vocational testing plan," he said, adding that by September it should be completed.

Details of the program were not announced.

CARD OF THANKS.

#### Drought Broken By Heavy Rains FOR BENJ. F. WILSON TUESDAY AFTERNOON

Representatives of the Woman's Societies of Christian Service of Corsicana Methodist churches will be in Wortham Friday to attend a district meeting of the organizations, with the president, Mrs John Remonte, in charge,

Two voting delegates from each society, district officers and conterence officers will participate in the eletion of officers which will be one of the features of the meeting.

# EUREKA SERVICES

Rains of untold value to farming and ranching operations in Navarro county fell in Corsicana and Navarro county Monday night and Tuesday morning.

The precipitation in Corsicana amounted to 1.80 inches and at Dawson the gauge showed 1.48 inches.

Some hail, insufficient to cause any material damage, was reported at several points while winds and lightning were encountered at points throughout the county.

Utilities Interrupted
Utility companies reported the customary interruptions of service during the electrical display. The telephone company lines to Frost and Blooming Grove were out Tuesday morning.

Western Union wires to Dallas were out briefly.

With this precipitation, cotton planting will get into full swing as soon as the fields dry sufficiently for the tractors and teams to return to work.

Cotton Planted

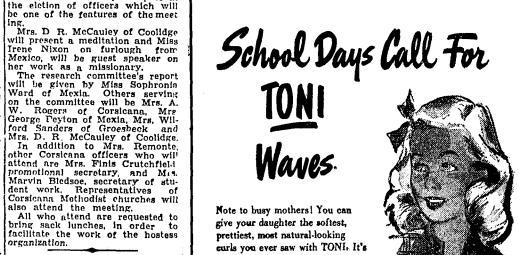

Corn and row foodstuffs, along with hay crops, have been planted, and in practically all sections, the cotton lands have been prepared.
Considerable cotton has already

soon as the fields dry sufficiently for the tractors and teams to return to work.

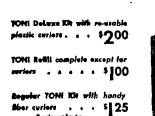

Cotton Planted
Corn and row foodstuffs, along with hay crops, have been planted, and in practically all sections, the cotton lands have been prepared. Considerable cotton has already been planted.
The rains, if followed by warm weather, will also prove beneficial to garden and pastures, giving the young plants and grasses a needed boost.

Motorists reported that the precibitation in the Barry sector appeared the heaviest in the northwest section of the county.

Other Reports
Texas Highway maintenance of fice here reported that no damage or high water had been encountered in this county.
Other reports included:
Dawson—1.48 rain, lightning, some hall, no damage.
Rice—Just what was needed, heavy wind, some hall, no dam-

Note to busy mothers! You can give your daughter the softest, prettiest, most natural-looking curls you ever saw with TONI. It's easy as rolling her hair up on curlers, but the wave stays in for months --- so you'll be free of the daily curling routine.
